

# TRAINEE // INTERNSHIP // (M/F)

INTERNATIONAL SUSTAINABLE COMPANY DEVELOPMENT // MARKET RESEARCH

Location: Naaldwijk, Netherlands // January 2019

Bamboo Village Uganda is a start-up company based in Naaldwijk, Netherlands.

What we do:

- Planting bamboo in Uganda
- Fighting against the climate change with CO<sub>2</sub> absorption of bamboo
- Building fair and sustainable bamboo houses and other infrastructure in Uganda
- Creating jobs under fair conditions for Uganda's population
- Developing and selling bamboo products

## YOUR TASKS

- Market analysis of the current market for bamboo products
- Market research for bamboo products in Europe
- Development of new market strategies for bamboo products
- Logistics processes and transport logistics for bamboo product production in Uganda/Africa and distribution in Europe

## YOUR PROFILE

- Studies in the field of International Management or Industrial Management
- Interest in company development and sustainable management
- Ability to work independently
- English (fluent in spoken and written)

## OUR OFFER - YOUR CHANCE!

As trainee you should be available at least for 3 months (40h/week). We offer an interesting working atmosphere in an enthusiastic team. Take the chance to be part of the development of an ambitious sustainable company with a socially relevant purpose and contribute with your know-how.

## WE ARE LOOKING FORWARD TO RECEIVE YOUR APPLICATION!
